oyful Sound

Music that Bursts Forth

Who can forget that little brassy cry that echoes the arrival of the new baby? Before baby comes the mother should get in condition to meet the crisis.

Thousands of women have used the safe and reliable application. Mother's Friend, during the waiting months, and they relate how they entirely escaped nausea, nervousness, bearing down and stretching pains and many other debilitating and disheartening experiences which so illy fit the mother for the greatest time in a woman's life.

Mother's Friend is a wonderful help to nature in relieving strain and distress brought about by expanding muscles. The nerves, too, will be calm, making the period one of cheerful days and restful nights. The breasts are kept in good condition and the abdominal muscles relapse with ease when baby is born.

Mother's Friend makes it possible for the expeciant mother herself to actually ald nature in the glorious work to be performed, and no woman should neglect or fall to give nature a helping hand. It will mean infinitely less pain at the crisis.

Procure a bottle of this famous remedy, which has been used by women with the greatest success for over half a century, from the druggist today, and thus fortify yourself against pain and discomfort.—(Adv.)

DISCUSSES PLAN FOR FOUR NEW DEPUTIES

Judge McReynolds Approves the Course Adopted by Sheriff Bass.

Judge S. D. McReynolds has suggested a plan and has discussed it with Chancellor W. B. Garvin regarding the number to deputies to be allowed Sheriff Hobert P. Bass under the new salary law. Judge McReynolds said he had told the sheriff to file a petition with him requesting four more deputies, one for each justice court. He stated the idea he had in mind was in relation to the sheriff and the deputies as was the state and county in relation to the sheriff. In other words, they were to get a sayary if they made relation to the sheriff. In other words, they were to get a sayary if they made it. He stated that four deputies could be appointed, one for each court, and told they would get \$75 a month if they made it, but no more, even if they did not make it. The justices could keep a record of what he offices made and make their report and claims every six months as the sheriff has to do. He said if this plan was adopted no one would be the loser and the county, if the plan proved a good one, would be the winner. Judge McRoynolds stated that the interests of the people who have business in the justice courts could be served promptly. He said that as it was the sheriff did not have enough deputies to attend to the business of his offices and those of not have enough deputies to attend to the business of his officee and those of the justices of the peace. Judge Mo-Reynolds has instructed Sheriff Bass to file his petition and he will grant it.

RAILROAD MEN HERE ALL HOPEFUL FOR RAISE

Half of Employes Throughout Country Get Salary Boost. Those Affected Not Named.

Employes of the various railroad of-ces in the city are very jubliant that the proposed increase which will add approx-imately \$1,500,000 to the yearly salary of those affected, and which, it has been announced, will affect more than 1,000,000 railroad employes, will add materially to the slaries in their cas. Instructions which come directly through their immediate superiors have not as yet been received concerning the proposed increase, but are expected in a very sho, t time. Usually a table or chart

Delivery Order Not Generally Understood by the Public

The retail grocers have been ordered by the Commercial Economy Section of the Council of National Defense to discontinue special deliveries and make only one delivery each day over each route.

This means that your grocer must have your order in time to fill it and get it in the wagon with all orders in your locality. If you fail to order until after this wagon leaves, your grocer can't deliver on your street again today, so please bear this in mind.

Local Representative Commercial Economy Section of the Council of National Defense.

Chilly Snap Brings Out Winter Blankets

Aching bones, the appearance of last year's furs and suits and the disappearance of straw hats yesterday evidenced the change of mind of Billy Possum, as a cold wave enveloped the city and chilled the Chattanooga populace, which scurried home with bowed heads praying that they might endure the cold long enough to get home and discard their B. V. D.'s.

During the twelve-hour period from 5 o'clock yesterday afternoon until 5 o'clock this morning there was a drop of 10 degrees. The temperature at 5 o'clock yesterday afternoon was 70 degrees and this morning the thermometer registered 60 degrees. Though this does not seem very low, there was a chill in the air that penetrated. Since that time there has been a gradual rise and at noon today the thermometer registered 66 degrees.

ual rise and at noon today the thermo-meter registered 66 degrees. However, no relief from the cold wave is ex-pected till tomorrow, and Chattanooga will again have a cool night.

Youth Lives in Spite

With skull split and crushed over the left eye and with the side of his face torn off, Chester Riais, who fell salees Wednesdey night on the railroad tracks and was struck by a train, is making a fight for life that is little short of remarkable. He is at Newell's Infirmary, It was first thought that he had no chance to recover, but he has surprised attending physicians by his powers of esistance. While the young man's condition is such that the outcome cannot be predicted, the encouraging report now is tnat he has a chance. He appears to be making the most of that chance, and while he is not improved Friday he is holding his own.

PRELIMINARY TRIAL NOT

Already Indicted for Killing H. A. Tapp, He Awaits Criminal Court Hearing.

As Ed J. Hauer, foreman of the Co-lumbian Iron works, has already been indicted by the grand jury for the killing of H. A. Tapp, an employe of the iron works, a preliminary hearing was not necessary. The case will be heard in criminal court at an early date. Following his arrest on the murder charge, Hauer made bond in the sum of \$15,000 for his appearance in court.

WILEY PATTERSON GETS OFF ON LIQUOR CHARGE

Provost Finds Barleycorn Under Trapdoor but Fail to Convict South Chattanoogan.

vict South Chattanoogan.

Evidence introduced by provest guards against Wiley Patterson, of South Chattanooga, who faced Judge Martin Fleming Friday morning on a charge of storing liquor, was not sufficient to warrant his being bound over and the court forthwith discharged him. The testimony was that liquor was found underneath a trap door above a place of business operated by Patterson. A witness for the defense testified that the accused man only had the downstairs and the court held that the government or state would have to prove that the liquor was Patterson's before he could be had.

MANY APPLY FOR CHANGE OF DISTRICTS.

Crowded Conditions Force Authorities to Enforce Rules to Letter.

Following the opening of the city schools this morning the office of Supt. Winder was beseiged with requests CLERKS BUSY PREPARING
PAYROLL OF TEACHERS
Ansel Gadd and John Helmick, clerks in the office of the county judge, are busy preparing the pay rolls for the schools. All the county teachers will be paid off Saturday morning. The exact amount of the pay roll could not be learned Friday.

Winder was beseiged with requests from irate parents to have their children transferred to schools other than those in their school district. In each incident the superintendent refused to make any transferrs on account of the fact that he had agreed to stand behind the principals in their decisons in regard to the distributing of pupils.

The enrollment this year of white children is approximately 6,000 students and there are but twelve buildings to house them. This makes

the buildings according to districts and for that reason it has been immake any transfers. When Mr. Winder explained the situation to the parents they understood the situation and agreed to conform to the rules.
